

1st Vienna Breast Cancer Symposium

Oncoplastic and Reconstructive Workshop

Oncoplastic and Reconstructive Breast Surgery are two techniques in breast cancer surgery which need training and knowledge of indications and contraindications. We would like to invite you one day before the European Breast Cancer Conference 2011 in Vienna to join our Workshop in Oncoplastic and Reconstructive Breast Surgery. We will provide the audience with **live surgery** and several **oral presentations** and we will warmly welcome you in Vienna.
